

Specifically formulated to replace aggressive, toxic toilet cleaners that can disable the sewage treatment plant by killing the naturally occurring bacteria that are essential to its operation.

Grease, fats, starch and other organic compounds are digested by Gamazyme BTC. The degradation of paper, protein, waste product residuals and other odorous materials is also enhanced. Cleans more thoroughly and deeply compared to conventional toilet cleaning products. Low foaming. Biodegradable. pH 8 - 9.5

APPLICATIONS

Daily toilet cleaner.

Product	BTCUN010
Size	1L

INSTRUCTIONS

Step 1

- Squirt around the toilet bowl and under the toilet rim.

Step 2

- After some minutes scrub bowl vigorously with a toilet brush and flush with water.

TIPS

- Suitable for use in sink and shower drains too
- We would suggest that BTC is used once a week as a maintainer, and allowed to remain working in the toilet bowl after cleaning
