

Concentrated descaling powder that removes stubborn limescale and urinary deposits. Leaves a long-lasting fresh scent. The disinfection action is due to WC's acidic and mineral components that destroy bacteria. Hakawerk WC is safe for the bacteria of waste tanks owing to the immediate dilution of the product by the action of the flush. Free from chlorine and sodium hydroxide. pH 1.8

APPLICATIONS

Toilet cleaner and descaler.

- ⚠ Avoid contact with marble, enamel, and metals.
- ⚠ Test the toilet bowl before leaving on for a prolonged period in case WC causes damage to the surface.

Product BTCHA010
Size 1KG

INSTRUCTIONS

Step 1

- Apply the WC cleaner to a damp, empty toilet bowl and leave to take effect

Step 2

- Scrub the bowl with the toilet brush and flush
- Leave overnight for stubborn stains

Maintenance

- Use as a weekly maintainer

TIPS

- Use a drop cloth to protect surrounding surfaces from splashes
