

EYS Eco-Rating Form

Date: 21/12/20
Producer: HAKAWERK
Product: HAKA CREAM CLEANER

EYS Product Rating Legend	
Eco-compatible product	
Product w/ doubts and/or uncertainties	
Product w/ high environmental impact	

Life Cycle Phase	EYS Criteria & Colour Code	Global EYS Rating	# Ingredients INCI Code Declaration according to EC 648/2004 and EU CoSing database	Ingredient Rating	Remarks on Ingredients
1. Extraction	Plant & mineral raw materials Minimal / no fossil raw materials Sustainably sourced raw materials Working towards green No mentions		1 Aqua		
			2 Calcium Carbonate		
			3 Sodium C14-17 Alkyl Sec Sulfonate		Partially fossil sourced, no data on anaerobic degradation
			4 Fatty Alcohol Ethoxylates C12-14		Degree of ethoxylation not mentioned, has to be >3 - <8
			5 Sodium Carbonate		
			6 Parfum		No specifications
			7 Limonene		Allergenic, limited by law
			8		
			9		
			10		
			11		
			12		
			13		
			14		
			15		
			16		
			17		
			18		
			19		
			20		
			21		
			22		
			23		
			24		
			25		
2. Transformation	ISO 14001 EMAS Proven similar practice EU Ecolabel Private Ecolabel C2C Label Use of renewable energy No mentions		<div>EcoBioControl Ingredient Rating Legend</div> <div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div> <div>Eco-compatible material.</div> <div>Plant-derived (bio-based) material.</div> <div>Material exhibits doubts and/or limitations.</div> <div>Material with high environmental impact. To avoid.</div> <div>Unacceptable material!</div> <div>Legally prohibited material!</div>		
3. Packaging	Recycled material containers Virgin material containers No mentions				
4. Distribution	Mention of specific actions Working towards green No mentions				
5. Resorption	Green when extraction is 4/5 green Working towards green No mentions
