

Designed for all types of Stainless Steel, this cloth easily removes grease, finger marks and bacteria, using just water.

The scrubbing stripes on one side of the cloth are highly effective on brushed stainless steel. The other side gives a gleaming finish to polished stainless steel. Recommended by Miele, Smeg and NEFF.

APPLICATIONS

All hard-stainless steel surfaces: ovens, fridges, bins, kettles, sinks, washers, dryers, etc.

Product ICDEC010
Size 32cm x 32cm

INSTRUCTIONS

Polished stainless steel

- Use the smooth side of the cloth, dry
- Spray water onto the surface (if you will not damage surrounding surfaces) and use the cloth to clean and polish

Brushed stainless steel

- Use the scrubbing side slightly damp
- Always clean in the direction of the grain

CARING FOR YOUR CLOTH

- For day-to-day use, rinse cloth with warm water and allow to air dry completely after each use
- Machine washing recommended as low as 30°C; for best results wash at 60°C with a small amount of washing liquid or powder

 Do not use bleach or fabric softener

TIPS

- Use E-cloth Glass & Polishing Cloth after cleaning, for the perfect streak-free finish
