

A uniquely formulated blend of specialist cleaners that will remove ballpoint pen ink marks safely and easily without causing damage, or colour loss to the leather. Like any other ink remover, it is usually only effective on new ink marks.

APPLICATIONS

Removing ballpoint pen ink marks on leather.

⚠ Use on Pigment Coated leather (P) and protected leathers only.

EQUIPMENT

Lint-free cloths

Gloves to protect your hands

Cotton buds

<i>Product</i>	ILELT020
<i>Size</i>	5ml

INSTRUCTIONS

Before use

- Test this product carefully in an inconspicuous area.
- Monitor progress whilst in use, certain delicate finishes (two tone/antique style) can be removed.

Step 1

- Apply product to the ink line using a cotton bud and allow to 'dwell' for 30 seconds.
- The product should be allowed to dissolve the ink and lift it out.

Step 2

- Wipe away product and assess results, reapply as required.
- Ink that is being removed will be visible on the cotton bud.
- If any ink remains after 2 - 3 applications, then the ink remover has done as much as it is going to do.

Step 3

- Always clean area with LTT Leather Deep Clean after this process to prevent residues from remaining on the surface.

TIPS

- The use of LTT Ultra Leather Protect in a maintenance regime will greatly increase the chances of removing ink
