

EYS Eco-Rating Form

Date: 27/10/21  
 Producer: SONETT  
 Product: Liquid Laundry Neutral Lavender

EYS Product Rating Legend	
Eco-compatible product	
Product w/ doubts and/or uncertainties	
Product w/ high environmental impact	

Life Cycle Phase	EYS Criteria & Colour Code	Global EYS Rating	#	Ingredients INCI Code Declaration according to EC 648/2004 and EU CoSing database	Ingredient Rating	Remarks on Ingredients																					
1. Extraction	Plant & mineral raw materials Minimal / no fossil raw materials Sustainably sourced raw materials Working towards green No mentions		1	Ethanol																							
			2	Fatty acids, vegetable-oil, potass. salts		Incorrect INCI; no C chains mentioned; product is bio-based soap																					
			3	Alcylpolyglycoside		Incorrect (alkylpolyglucoside) and incomplete INCI (no C chains)																					
			4	Sodium dodecyl sulphate																							
			5	Sodium octyl sulfate																							
			6																								
			7																								
			8			Water is not mentioned as a component!																					
			9			Lavender oil is not mentioned as a component!																					
			10			Washing performance probably weak and product sensitive to hard water (high soap, no sequestrants)

EcoBioControl Ingredient Rating Legend																											
		Eco-compatible material.																									
		Plant-derived (bio-based) material.																									
		Material exhibits doubts and/or limitations.																									
		Material with high environmental impact. To avoid.																									
		<b>Unacceptable material!</b>																									
		<b>Legally prohibited material!</b>																									
3. Packaging	Recycled material containers Virgin material containers No mentions																										
4. Distribution	Mention of specific actions Working towards green No mentions																										
5. Resorption*	Green when extraction is 4/5 green Working towards green No mentions																										

\*Resorption is the breakdown of product components into harmless parts that aquatic life can feed on.
