

Kreussler Deprit Professional 5 (Yellow) is an Acidic spot stain remover. It is formulated with special compounds for removal of Rust & metal stains. The stain specific formulation works quickly and easily, removing stains whilst being gentle on fabrics. pH 2

APPLICATIONS

Rust and stains originating from metal, ointments containing metal, old blood stains.

EQUIPMENT

1 small plate – not plastic
White absorbent cloths
Gloves to protect your hands
Steam
Compressed air

<i>Product</i>	LSRKR050
<i>Size</i>	500ml

INSTRUCTIONS & DOSAGE

Step 1

- Carefully remove excess soiling. Place a white absorbent cloth on the plate and put it directly under the stain.

Step 2

- Thoroughly saturate the stain. Allow product to 'dwell' for 10 - 15 Seconds and heat it with steam.

Step 3

- Rinse with steam and water and blow it out with compressed air. If required, repeat this process until the stain is completely removed.

STUBBORN STAINS

- Follow instructions above and allow product to 'dwell' for longer.
- As the removal of rust-based stains from dyed textiles is somewhat risky, a hidden spot test is recommended.
- Machine or hand-wash the item per care label instructions.

FOR NON-WASHABLE ITEMS

- Follow the stain removal method described above.
- Thoroughly dab the stained area with a damp white cloth until stain disappears.

TIPS

- ⚠ Before use test for colourfastness on an inconspicuous area and leave until dry. If there is no change in colour, continue following the instructions. Always rinse tested area with warm water and follow garment's care label instructions.
- ⚠ Do not use on leather, suede, acetate/rayon, carpets, or upholstery.
