

Silk & Clean is a unique cleaning tissue that instantly removes most stains from silk and other luxury fabrics. It works much like dry cleaning — but only the stain is treated.

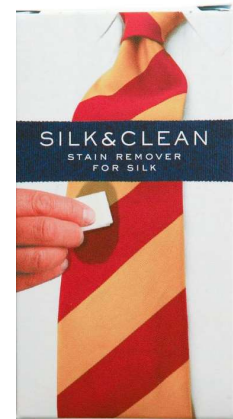

The chemical agent used in the Silk & Clean solution is kind to the fabric, human skin and to the environment.

#### APPLICATIONS

Silk & Clean dissolves oil, grease and butter stains easily from the fabric.

#### EQUIPMENT

Gloves to protect your hands.

<i>Product</i>	LSRSC010
<i>Size</i>	5 sachets per box

#### INSTRUCTIONS

Test on a concealed area for suitability.

##### Step 1

- Remove pad from sachet. Do not unfold the pad.

##### Step 2

- With the folded pad, rub the stain firmly and quickly, working outwards and away from the centre of the stain in all directions.

##### Step 3

- To avoid leaving ring marks, continue with this wiping away action, working the damp area into the dry area.
- The pad may be turned and refolded during this process until the solution has completely evaporated (approx. 2-3 minutes).
- Repeat if necessary.

#### TIPS

- For water-based stains such as coffee, tea, soy sauce or ketchup, wipe first with a water-dampened cloth to dissolve and remove colorant. Then finish off with Silk & Clean
