

Regeneration salt for dishwasher machines. Use Crystal Salt to ensure that you obtain the best possible cleaning results. Does not contain any insoluble particles, and the granule size is monitored constantly to ensure good solubility. Free from chlorine compounds and petroleum-based surfactants. pH 7.5

APPLICATIONS

Regeneration salt suitable for semi-industrial and domestic dishwashing machines.

Product PDWGR030
Size 10kg

ISNTRUCTIONS

- The replenishment interval for the salt reservoir depends on the water hardness
- The amount of salt needed increases with the hardness of the water
- Check the salt level in the reservoir regularly, or check the visual indicator (if present)
- Keep in a dry place and close the package securely after use

TIPS

- For best results use in combination with Crystal Liquid dishwasher detergent and Crystal Rinse
