

Ultra Clean - 5 l

GENERAL

Strong degreaser for periodic use.

- Highly alkaline formula for powerful degreasing.
- For large kitchens or food industry.
- Quickly dissolves burnt-on grease from stoves, extractor hoods, deep fryers and cooking kettles.
- Lightly foaming, unscented and contains no dyes.

Ultra Clean is an ecological, highly alkaline cleaner and strong degreaser for cleaning heavily soiled appliances and machines in commercial kitchens or the food industry. Ultra Clean is suitable for removing vegetable and animal fats. The product is also suitable for thoroughly cleaning stoves, extractor hoods, deep fryers, cooking kettles,... In the food industry, the product can be used for cleaning cutters, mixers, work tables, filling machines,... Ultra Clean can also be used for the manual cleaning of floors. Ultra Clean is slightly foaming, odorless and contains no dyes. The product should not be used on soft metals such as aluminum, copper or zinc. Ultra Clean is free from chlorine or other halogen compounds, mineral acids and detergents derived from petroleum. All detergents used are of vegetable origin. All ingredients of non-mineral origin are completely biodegradable.

pH 12.8

USAGE

Manual cleaning: Prepare a 1,2% solution by adding 60ml of Ultra Clean to 5 litres of lukewarm water. Apply the diluted solution to a sponge then clean the surface. Allow to work for 5 to 10 minutes. Rinse with lukewarm water after cleaning. **High-pressure cleaning:** Prepare a 1.2% solution in warm water and use a pressure sprayer to apply the solution to the surface to be cleaned. Allow to work in for 5 to 10 minutes, and then rinse with lukewarm water.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. Greenspeed is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.
