

SAFETY DATA SHEET

19.04.2018

Version 1

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product Name Faith in Nature Aloe Vera & Tea Tree Hand Wash

Product Code Refer to sales department

Product form Mixture

1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended Use Liquid preparation for washing the hands

Uses advised against uses other than those identified are not recommended

1.3. Details of the supplier of the safety data sheet

Company Name

Faith in Nature Ltd
Faith House
James Street
Radcliffe
Manchester
M26 1LN

Tel: 01617244016
Fax: 01617248210

E-mail address info@faithinnature.co.uk

1.1. Emergency telephone number

Faith house +44 (0) 1617244016

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) n° 1272/2008 (CLP):

Not a hazardous substance or mixture according to regulation (EC) No. 1272/2008

2.2. Label elements

According to Regulation (EC) n° 1272/2008 (CLP):

Hazard Statements: This product does not require a hazard warning label in accordance with GHS.

2.3. Other hazards

None Known

SECTION 3: Composition/information on ingredients

3.1 Preparation

A mixture of water, surfactants, preservatives, conditioners and contains other ingredients such as Natural extracts.

See product label for Ingredient INCI names or Ingredients listings sheet.

SECTION 4: First aid measures

4.1. Description of first aid measures

In case of eye contact: - Flush with plenty of clean water. If irritation persists, seek medical attention.

In case of skin contact: - This product is not classified as hazardous when in contact with the skin.

If ingested: - Do **NOT** induce vomiting. Wash mouth out with plenty of water; afterwards make sure the individual drinks plenty of water. Seek medical advice.

If inhaled: - This product does not contain substances classified as hazardous for inhalation.

4.2. Indication of any immediate medical attention and special treatment needed

Refer to section 4.1

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment

Unsuitable Extinguishing Media

None

5.2. Special hazards arising from the substance or mixture

None stated

5.3. Advice for firefighters

Special protective equipment for fire-fighters

None stated

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with eyes. Avoid prolonged contact with skin.

6.2. Environmental precautions

Non toxic, Non hazardous to waterways highly biodegradable.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up Use absorbent material to soak up or Wash to drain with large amounts of water

6.4. Reference to other sections

SECTION 8: Exposure controls/personal protection

SECTION 12: Ecological information

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Avoid contact with eyes. Avoid prolonged contact with skin in neat form.

7.2. Conditions for safe storage, including any incompatibilities

Keep product in tightly closed original container, preferably in a cool/ambient temperature and dry area. Store away from heat. Avoid freezing or frost and Do not store <0°C.

7.3. Specific end use(s)

Product is stable, unopened at room temperature for two and a half years, after the date of manufacture.

SECTION 8 : Exposure controls/personal protection

8.1. Control parameters

Derived No Effect Level (DNEL) No information available

Predicted No Effect concentration (PNEC) No information available

8.2. Exposure controls

Personal protective equipment

Eye/face protection

Safety goggles Wear when clearing accidentally released material.

Hand Protection

For operations where prolonged or repeated skin contact may occur, impervious gloves should be worn.

Skin and body protection

Suitable protective clothing.

Environmental exposure controls

Non toxic, Non hazardous to waterways highly biodegradable.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state	Clear Liquid
Odor	Citrus
Colour	Green

<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>
pH	4.5-5.5	
Melting point/freezing point		No information available
Boiling point / boiling range		No information available
Flash Point	Not available	
Evaporation rate		No information available
Flammability (solid, gas)		No information available
Flammability Limit in Air		No information available
Upper Flammability Limit		No information available
Lower flammability limit		No information available
Vapor pressure		No information available
Vapor density		No information available
Relative density	1.02 to 1.06 approx	
Water solubility		Soluble
Solubility(ies)		No information available
Partition coefficient		No information available
Autoignition temperature		No information available
Decomposition temperature		No information available
Viscosity (20°C)	400 – 1500 cps	
Explosive properties	Not Applicable	
Oxidizing properties	No information available	

9.2. Other information

VOC Content (%)	not available
------------------------	---------------

SECTION 10: Stability and reactivity

10.1. Reactivity

Not expected

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

None under normal conditions

10.4. Conditions to avoid

See section 7 for more information

10.5. Incompatible materials

None known under normal conditions

10.6. Hazardous decomposition products

None known under normal conditions

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity:

Product does NOT present an acute toxicity hazard based on known or supplied information

Information on Ingredients:

Irritation	May cause irritation to eyes
Respiratory or skin sensitization	See section 15 for any sensitizing ingredients
Carcinogenicity	Not expected.
Reproductive toxicity	Not expected.
Germ cell mutagenicity	Not expected.
Specific target organ toxicity (single Exposure)	Not expected
Specific target organ toxicity (repeated exposure)	Not expected
Aspiration hazard	Not expected

SECTION 12: Ecological information

12.1. Toxicity

Product is Non-Toxic and presents no hazard to the environment.

12.2. Persistence and degradability

This product doesn't contain any persistent substances
 The surfactants used in the manufacture of this product fulfill all of the biodegradability requirements of EC regulation 648/2004 (Detergents Regulation)
 The surface active components used in this product are anaerobically biodegradable.

12.3. Bioaccumulative potential

This product does not contain any bioaccumulation substances.

12.4. Mobility in soil

No information available.

12.5. Results of PBT and vPvB assessment

This preparation contains no substance considered to be persistent, bioaccumulating nor toxic (PBT) This preparation contains no substance considered to be very persistent nor very bioaccumulating (vPvB)

12.6. Other adverse effects

No other effects known.

SECTION 13: Disposal considerations**13.1. Waste treatment methods****General**

Disposal should be in accordance with applicable regional, national and local laws and regulations

SECTION 14: Transport information

This product is not classified as dangerous for transportation.

SECTION 15: Regulatory information**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

This product conforms to UK The General Product Safety Regulations 2005. Has been manufactured to standards of the EC Cosmetics Regulation (1223/2209) but the product is not legally controlled by this regulation.

SDS conforms to commission regulation EU 2015/830 and EU 453/2010.

15.2. Chemical safety assessment

No information available

SECTION 16: Other information**Classification procedure**

On basis of ingredient and test data provided

Revision Note

First version of this SDS in this format.
